# CONSCIOUS LIVING STARTS WITH ECO PLANTERS

## SUSTAINABLE SERIES

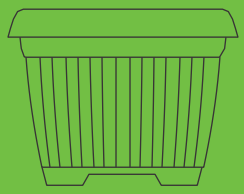

Where sustainability meets strength. The Climate Change Planters are crafted from natural agricultural by-products—coffee husk and bamboo waste—offering a biodegradable alternative without compromising on quality.

Lightweight yet robust, these planters are built for long-lasting use, both indoors and outdoors. Their high structural integrity ensures resistance to wear, impact, and environmental stress.

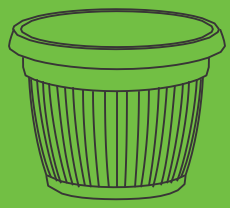

The textured matte finish adds a natural charm, while the timeless form complements a variety of modern, rustic, and organic design aesthetics. Designed for conscious spaces that value durability, style, and environmental responsibility.

# ABOUT Us

Star Gardens the Company's owner and founder set up the business as a natural progression from his family's traditional involvement in agriculture. Right from the outset, our company's aim was to design, create and maintain gardens. As the business grew, we established the Star Gardens in 1982. The Star Garden has since functioned as the base for our enterprises.

Our core business activities are the supply and maintenance of Indoor and Outdoor plants, landscape, gardening, Balcony Garden, Terrace Garden, Vertical Garden, landscape design, estimation & maintenance, and general irrigation work. Today the business has grown to become one of the largest landscaping and garden centers in Karnataka & Andra Pradesh.
